Route Summary

Day 2, 5 and 11 look to be the difficult days. Day 2 and 11 are both very lumpy indeed so we'll be spending a lot of time in our granny gears . Should be plenty of rest stops on day 11 though as we have 3 ferry river crossing. Day 5 is just a hell of a long ride and involves circumnavigating Newcastle, Sunderland and Middleborough, a ferry crossing, a transported bridge and finally the hilly North York Moors right at the end.

Do not fear though there are a couple of easier days, one at just 70 miles and another at just 85 miles. I've got a feeling after the first few days these will feel like rest days.
